

## 698-2700MHz Indoor Directional Panel Antenna

Used in indoor coverage systems to cover 698-2700MHz full frequency bands

**Ultra wideband can cover 698-2700MHz full band new shape, small size, beautiful and generous**  
**Easy to install**

### Electrical specifications

Frequency Range(MHz)	698-806	824-960	1710-2700
Gain(dBi)	10	12	
VSWR	≤1.8	≤1.5	≤1.5
Horizontal-3dB Beamwidth(°)	98	85	65
Vertical-3dB Beamwidth(°)	85	60	45
Intermodulation IM3	≤-150dBc (2 x 33 dBm )		
Polarization	Vertical		
Max Input Protection(W)	50		
Input Impedance(Ω)	50		

Antenna Dimension(mm) 170 x 155 x 50

### Mechanical specifications

Cover Material	ABS
Connector	N-Female
Operating Temperature(°)	-40~+60
